

Mayor's Message: General Plan Update

Dear Lehi Residents,

The City of Lehi is currently in the process of updating the Land Use Element and the Land Use Map of the City's General Plan. Our General Plan serves as a guiding document assisting us with important development and fiscal decisions.

This current update to the Land Use Element of the Plan is a wonderful opportunity for everyone to be actively involved in the future development of our community. I would like to extend a formal invitation and encourage each of you to take advantage of this opportunity to help shape the future of our community.

We are fully immersed in the process - the Public Visioning Workshops we conducted last month, and the paper and online surveys have yielded great results! We are currently reviewing all your input and comments to craft an overall Vision Statement of Lehi's future. We will subsequently draft a Land Use Map and update the Land Use chapter while referencing your input.

Please continue to stay involved. You can still add your input and find more information on the process through the City's website at www.lehi-ut.gov, through the project website, <http://planlehi.wordpress.com/>, or by becoming a fan of *PlanLehi* on Facebook. The project website includes an interactive "idea map" and blog, where you can post any comments and ideas and see what others are thinking. We are also planning to have an open house event with additional opportunities for your feedback during the week of our upcoming Lehi Round-Up celebration.

Let us make Lehi's future great!

Bert Wilson

Lehi Outdoor Swimming Pool

Beginning the spring of 2011 the Outdoor Swimming Pool will begin a phased process of renovating and upgrading the aquatic facility. The process will begin with the demolition of the old tube slide, which has been determined to be unsafe by the City's Risk Manager. This means that there will not be a slide at the Outdoor Pool during the 2011 summer. However, we are excited to announce the improvements for this summer which include 2 Aquaclimb climbing walls and a Myrtha liner for the pools. Other upgrades and improvements will be announced as soon as possible. Pool fees have been changed to account for the loss of the slide.

Volunteers Needed for Meals-on-Wheels

Meals-on-Wheels needs volunteers to deliver meals to homebound seniors in Lehi. Volunteers use their own vehicles to deliver lunchtime meals once a week to homebound seniors. Along with each meal, volunteers provide a special touch of comfort and a daily safety check, enabling seniors to stay in their own homes. Meals will be picked up at the Lehi Senior Center and delivered to seniors in a five mile radius. Delivering meals takes approximately one hour to complete.

For more information about delivering Meals-on-Wheels, contact Stephanie Benson at 801-229-3821, sbeson@mountainland.org, or register online at www.mountainland.org/volunteer.

FITNESS ETIQUETTE 101 : Most exercise enthusiasts are interested in becoming better, stronger and faster. While that is fine, training smart is important. While in the weight room, please use the amount of weight that you can control on both the eccentric and concentric parts of the exercise. Please do not drop the weights on the floor. Use safety collars on the Olympic bars at all times; and use a spotter when necessary. Power-lifting techniques are not allowed in the weight room. Our equipment and flooring is not designed for that purpose. To keep our equipment lasting longer, please know that weight belts may not be worn while leaning against or lying on the exercise machines or benches.
